MAINS TO BE GIVEN TO DOCTORS

Daily Courier Service to Give Americans Chance to See Capital.

COBLENZ, Feb. 4. (By the Associated Press.)—A limited number of officers and enlisted men of the army of occupation will be given an opportunity to visit Berlin by the inauguration soon of a daily courier service between this city and the capital.

Couriers were decided upon, owing to the uncertainty of German mails and the slowness in transmission of documents of importance. Each courier will be accompanied by an officer and the trip will be made by express trains between Cologne and Berlin. The running time being about 12 hours. Cologne is about two hours from Coblenz. Various lieutenants and captains will be assigned for trips from day to day and invited to be selected from different units assigned to Coblenz.

A number of discharged German soldiers who are unable to find employment in unoccupied Germany are joining the volunteer army that is being organized for service against the Bolsheviks. Recruiting for the volunteers is being conducted solely by army corps staffs to match. Mahogany frames, Germany in co-operation with the soldiers' councils.

According to information reaching here, each recruit must have seen six months' service in the field. Enlistment for one month is a discharge is given at any time after 14 days' notice has been given by the soldier or an officer. Recruits are being sent to join the forces on the east front, the movement being carried out as rapidly as possible.

SHOWS GREECE'S CLAIM TO CYPRUS

Premier Venizelos Declares Britain Promised Island for Aid in War.

PARIS, Feb. 4. (By the Associated Press.)—Premier Venizelos of Greece, asking the League of Nations to give the Greek islands in the Mediterranean, said to the Associated Press that he felt sure England would not refuse to give Cyprus to Greece.

The British government, he said, offered the island to Greece during the war in order to induce Greece to enter the war.

"Now that England refuses Cyprus to us, who entered the war willingly, without asking anything, but trusting entirely to the justice of our cause," he said, "it is adding that he also had hoped that Italy will give to Greece the Dodecanese islands, of which he said:

"They have for all Greeks an immense moral importance, while they represent nothing for Italy, but a source of expense. It is true that Italy has a right to keep these islands, as Turkey did not fulfill the conditions of the peace concluded with Italy after the war in Tripoli, and this right has been recognized and confirmed by the treaty of London written in 1915. The interest of Italy, however, in maintaining the status quo, is of no importance. It is immensely superior to whatever those few little islands may represent."

PEACE COUNCIL COMMITTEES ARE GETTING DOWN TO WORK

PARIS, Feb. 4.—The commission of ports, waterways and railways held its first meeting yesterday. The meeting was called by Mr. Cleville, French minister of public works, who welcomed the delegates. On his motion, Signor Crispien, Italian minister of supplies, was selected as chairman and M. Sifton, of Belgium, vice-chairman.

The supreme council transmitted a request for the admission of members of the smaller nationalities to this committee, which accordingly added a Czech, a Portuguese and a Pole to membership.

The French and British presented a program including recognition of the general principle of the right of nations to control international waterways and international railways, which was accepted by the commission. The details of this will be considered at the next meeting.

The committee on reparations and damages also held its first meeting. Mr. Klotz, the French minister of finance, was chosen chairman and Premier Hughes, of Australia, vice-chairman. The scope of the work and the commission was outlined. It is an extensive program. The commission will meet again Wednesday.

The meeting of the five principal commissions designated by the peace conference to prepare the work for the conference is believed to promise a speedy conclusion of consideration of certain subjects.

The question of a society of nations will be the first presented to the plenary conference as soon as the report of the commission is ready. As this commission includes representatives of all the great powers and many of the smaller ones, it is assumed approval by

Bapaume Asks To Be Adopted

WASHINGTON, Feb. 4.—Bapaume, one of the French towns which suffered most from the war, wants a "god-mother," according to an official dispatch received today. Bapaume, mayor of the town, is quoted by the dispatch as saying in the Petit Parisien:

"If some great city would adopt Bapaume and assist it as has been done for some other destroyed towns, how delighted my fellow citizens would be. I hope that some great city, either of the old continent or the new, will listen to my appeal."

ADVOCATES END OF U-BOAT WARFARE

London Paper Opposes Even Restricted Use of Submarines.

LONDON, Feb. 4.—Referring to a report received from Paris by the way of New York, that the American government is considering the possibility of assuring the freedom of the seas by the restriction of use or abolition of the submarine, the Daily Telegraph says:

"The submarine campaign was aimed at this country and we suffered worse than all the other nations combined. There is danger that that fact may be overlooked. Besides, a large body of naval opinion and even a larger portion of statesmen, on both sides of the Atlantic favor the abolition of the submarine."

"We are more interested than any country in this proposal for the abolition of the submarine. It would be misleading to claim that naval opinion is unanimous in this matter, but a large body of naval opinion and even a larger portion of statesmen, on both sides of the Atlantic favor the abolition of the submarine."

"Something more than a declaration as to the limits within which submarines may be employed must be made, for as long as submarines exist they may be misused. It must be stipulated as a crime to build submarines and power must be secured to punish any nation which again embarks on this kind of naval construction."

CHILEAN SITUATION GROWS ALARMING

BUENOS AIRES, Feb. 4.—Dispatches from Chile report an alarming situation in Antofagasta, where it is said that disorders which have been prevailing for some time have taken an admittedly Bolshevik turn.

It is said the agitators are demanding the establishment of a new government. The Chilean police are said to have captured documents showing a long list of business houses which are to be sacked and destroyed by mobs.

Grove's Tattlers chili Tonic, which is simply PURE LIME SODA, suspended in syrup, restores vitality and energy by purifying and enriching the blood. It is a tonic for children like it. You can soon feel its strengthening, invigorating effect. Price 60c.

FRENCH SOCIALISTS GIVE OUTLINE OF PROGRAM

PARIS, Feb. 4. (Havas).—The French delegates to the socialist conference at Bern have published a note outlining the steps that must be taken by the conference to make its work effective, as follows:

First, guarantees must be given by the various parties that their engagements will be respected; second, the definition of conditions for a just peace, and, third, repudiation of Bolshevism.

The note says the absence of the Belgian socialists from the conference will prevent the body from making resolutions which will be completely effective.

BURCH HOME ROBBED.

In the growing list of house robberies daily reported to the police was the home of Judge C. N. Burch, 1223 Union avenue. Thieves entered the premises Monday night, but got only \$15.

The Snowden schoolhouse was burglarized and the home of Mrs. J. B. Binghamton was robbed of \$9 and clothes.

SCHOONER ABANDONED.

LUNenburg, N. S., Feb. 4.—The schooner William Duff, of this port, has been abandoned at sea with a cargo of salt. The schooner was carrying a cargo of information received today by the owners. The crew was rescued by the steamer Philadelphia, New York bound from Chicago. The Duff was a new vessel and registered 117 tons.

BLAST VICTIM DIES.

JERSEY CITY, N. J., Feb. 4.—Dr. George Petros, of Montclair, N. J., a chemist for the Colgate soap manufacturing plant here, and who was burned in the chemical explosion at the plant yesterday, died today of his injuries.

WOMAN FOR MAYOR.

CHICAGO, Feb. 4.—Mrs. Leonard Z. Meador, lawyer, clubwoman and former city commissioner of public welfare, today announced her candidacy for mayor.

BREAKS A COLD IN A FEW HOURS

First Dose of "Pape's Cold Compound" Relieves All Grippe Misery.
